Privacy – The Friends of Braeside Park use personal information for Friends activities and the management of Braeside Park.

Friends of Braeside Park

The 'Friends' group formed in September 1989 consists of people from all walks of life who have a basic common aim; that is to retain and enhance Braeside Park as a natural oasis in the midst of advancing suburbia.

The park is preserved as a natural area to allow future generations to appreciate a sample of the environment as it was at the time of arrival of white man from Europe.

The park is used as an educational facility and as a source of genetic plant material not readily obtainable from other locations.

Children are encouraged to participate in park activities. They are assisted to take part in a range of activities such as tree planting, plant propagation and maintenance of park facilities.

Schools, Scouts, Guides and other special interest groups are most welcome to help.

Melway 88 D8

THE PURPOSES OF THE FRIENDS OF BRAESIDE PARK are as follows:

TO PROMOTE the use and enjoyment of the Park by the community.

TO ENCOURAGE community awareness and understanding of the Park by education and direct hands on experiences.

TO SUPPORT the protection, conservation and environmentally sensitive development of the Park for the benefit of present and future generations.

TO ASSIST Park staff in the enhancement of the environment and development of facilities.

To PUBLISH material for educational and informational purposes related to the features and environment of the Park.

TO CO-OPERATE, and undertake joint activities with other organisations with similar purposes.

TO RAISE, MANAGE AND SPEND FUNDS for financing suitable projects within the Park.

TO FORM specific activity groups within the Park to manage and organise specific projects.

At present interest groups include:

- Indigenous seed collection and seedling propagation
- Bird observation and recording
- Streamwatch, water quality monitoring
- Project days focusing on an outcome.
- Ground water bore monitoring
- Community (Indigenous Plant) Garden

TO RECORD changes to the park through photographic monitoring sites.

Friends of Braeside Park Continued.

The park is of special value to families, as people of all ages are encouraged to become involved. Join, and have your say about the operation of the group.

The friends are managed through a committee which meets on a monthly basis and through the web page, newsletter and fliers members are informed of the groups regular activities.

A yearly activity calendar is provided and grants are sought to provide improvements to the park.

On going tree stump art has been undertaken as the trees on the main avenue have reached the end of their life cycle.

Activities List: Can you help us?

Please tick your interest:

Indigenous Nursery Group:
Collect, clean and store seed, before then being used for the propagation of thousands of seedlings each year for planting throughout the park.

Streamwatch:
Activities record the health of the Park's waterways and ground water.

Project days:
Activities include a variety of environmental and park maintenance activities and are scheduled on weekdays and weekends. Activities include weeding, planting, fencing, etc.

Week day involvement

Week end involvement

Saturday Sunday

Bird Observing and Recording:
Activities are undertaken throughout the year with all records being collated to create a history of birds.

Community Garden:
Provides the opportunity learning and involvement in specific sites within the park where display gardens are provided for the public to visit.

SPECIAL ACTIVITIES

Evening and Night Activities:
Nightwalks, Bugs & Moths, Bats, Astronomy Nights
